By using our services, you are agreeing to the following terms and conditions. Please read these carefully.

Our services are very diverse, so sometimes additional terms or product requirements may apply. Additional terms will be available with the relevant Service, and those additional terms become part of your agreement with us if you use those Services.

Using our Services

You must follow any policies made available to you within the Services.

Do not misuse our Services. For example, do not interfere with our Services or try to access them using a method other than the interface and the instructions that we provide. We may suspend or stop providing our Services to you if you do not comply with our terms or policies or if we are investigating suspected misconduct.

Using our Services does not give you ownership of any intellectual property rights in our Services or the content you access. You may not use content from our Services unless you obtain permission from its owner or are otherwise permitted by law. These terms do not grant you the right to use any branding or logos used in our Services. Do not remove, obscure, or alter any legal notices displayed along with our Services.

Our Services display some content that is not 3Cube. This content is sole responsibility of the entity that makes it available. We may review content to determine whether it is illegal or violates our policies, and we may remove or refuse to display some content that we reasonably believe violates conduct and policies or law. But that does not necessarily mean that we review content, so kindly do not assume that we do.

In connection with your use of the Services, we may send you service announcements, administrative messages and other information. You may opt out of some of those communications.

Some of our Services are available on mobile devices. Do not use such Services in a way that distracts you and prevents you from obeying safety, traffic, corporate, medical confidentiality and other public laws.

Your HMP/HealthCube account

You may need a 3Cube Account in order to use some of our Services. You may create your own account, or your account may be assigned to you by an administrator, such as your employer or institution. If you

are using a 3Cube Account assigned to you by an administrator, different or additional terms may apply and your administrator may be able to access or disable your account.

To protect your Account, keep your password confidential. You are responsible for the activity that happens on or through your account. Try not to reuse your password on third-party applications. If you learn of any unauthorized use of your password please change it immediately and contact us.

You're Content in our Services

Some of our services allow you to upload, submit, store, send, receive, schedule appointments, enroll users and edit content. You retain ownership of your medical information and other activity on the portal. By using our portal you give 3Cube (& those we work with) worldwide license to host, store, run analytics, create derivative works, communicate and distribute relevant information while keeping your identity completely confidential.

Our teams and systems analyze your content to provide you personally relevant product features, such as customized search results, tailored advertising, and spam and malware detection. This analysis may happen at the time information is sent, received, and when it is stored or periodically.
